

Polycom Trio™

Video Solutions Portfolio

Polycom Trio video solutions are flexibly designed for rooms of all sizes, from the huddle room to the boardroom and everything in between.

All of the suggested configurations in this brochure include:

- Polycom HD Voice and Polycom Acoustic Clarity for **impeccable audio quality**
- Hybrid registration to support **multiple communication ecosystems** simultaneously
- **Calendar integration**—initiate meetings in seconds with one-touch-join
- Polycom NoiseBlock which intelligently mutes non-speech noise for a **distraction-free experience**
- 5” color touch display—**simple to use and consistent** in every room configuration

NOTE: *Polycom Trio is designed to offer choice and flexibility. Because of its modular design, it may be possible to order a variation of the suggested configurations within this brochure.*
