

THE EASY AND SAFE WAY TO TALK HANDS-FREE WHILE DRIVING

When you have a busy lifestyle, car journeys can give you some well-needed breathing space to catch up and make arrangements with friends and family on the phone. The problem is, though, it's illegal! Jabra DRIVE in-car speakerphone solves this, and other problems, with an excellent hands-free solution, so you can make the best use of this time – and have in-car phone conversations without compromising safety.

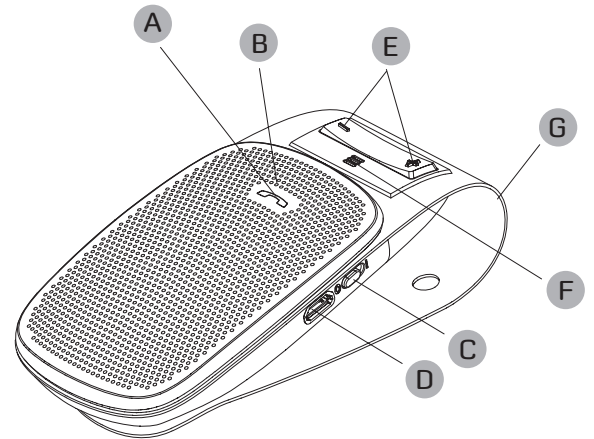

Jabra DRIVE is brilliantly simple. No setup is required, and it's so easy to operate, you probably won't even have to look in the manual to find out how to use it. You pair it up with your mobile phone. After that, you just clip it onto your sun visor and it will connect automatically whenever you get into the car. You can then talk freely on your mobile, with your eyes on the road and your hands on the wheel. With the Jabra DRIVE, you don't even need to bother reaching for your phone when it rings – just press the big friendly button on the in-car speakerphone to answer and enjoy crystal clear hands-free conversation!

Reasons to choose the Jabra DRIVE

- Clear crisp sound with noise cancellation
- Easy to use with intuitive control buttons

Quick Start Guide

CHARGING YOUR JABRA DRIVE

Use the USB cable to connect Jabra DRIVE to the car charger. It takes approximately 2.5 hours to fully charge Jabra DRIVE.

TURNING YOUR JABRA DRIVE ON and OFF

Slide the on/off switch into the "1" position to turn it on and the "0" position to turn it off.

PAIRING JARBA DRIVE WITH YOUR PHONE

Turn the in-car speakerphone on and it will automatically be in pairing mode:

- Activate *Bluetooth®* on your phone
- Search for *Bluetooth®* devices and select Jabra DRIVE
- Press "OK" on the phone and if necessary confirm with PIN code 0000

USING YOUR Jabra DRIVE

Answering or ending a call

Tap the answer/end button on your in-car speakerphone to answer/end a call.

Easy Voice Guidance**

Easy voice guidance informs you about your connection and low battery status.

Mute/Un-mute an active call

To mute an active call long press volume down until you hear a special sound indication for mute.

To un-mute an active call long press volume down until you hear a special sound indicating that the speakerphone is no longer muted.

Playback of music, podcast and directions from GPS applications*

If your phone supports A2DP audio streaming then you can transfer music, audio from GPS application or any other type of audio from your phone to Jabra DRIVE.

Advanced Multiuse

Jabra DRIVE can be connected to two mobile devices at the same time.

Visit www.jabra.com/jabradrive for full user manual.
